Seamless Traffic | Integrated Transport | Intelligent Parking

07 – 08 October 2026
Bharat Mandapam, New Delhi

Effective procurement. Impactful networking. One platform.

Transport + Traffic Infratech Expo 2026, India's most well-renowned B2B trade fair for seamless traffic, integrated transport, intelligent parking and road infrastructure and parking solutions will hold its 14th edition from **7 to 8 October 2026** at Bharat Mandapam, New Delhi.

An ideal destination to explore effective procurement and effective networking, this is where you will meet the right buyers from government and private sectors.

India's next infrastructure and smart city projects: **What's in for you?**

- The surge in public capex to ₹12.2 lakh crore (from ₹11.2 lakh crore in FY25-26) will directly fund transport networks, roads, and traffic infrastructure, accelerating project execution nationwide.
- Sustained urban infra investments will unlock growth corridors for enhanced road connectivity and traffic management, easing congestion beyond traditional metro areas.
- Tier-2/3 cities over 5 lakh population gain as emerging economic hubs, spurring demand for advanced road networks, parking facilities, and traffic solutions.
- Seven new high-speed rail corridors will integrate with road infrastructure, boosting inter-city mobility and catalysing efficient transport links in peripheral regions.
- City Economic Regions (CERs) with ₹5,000 Cr per region over 5 years will upgrade local roads, traffic systems, and parking to support their rise as regional hubs.
- The Infrastructure Risk Guarantee Fund and CPSE REIT monetization will attract private investment, improving liquidity for innovative road, traffic, and parking projects.

A new framework awaits the 2026 edition.

The forthcoming edition will renew its show offering with a new introduction of transportation solutions and decision makers who are strongly looking at exploring technologies for the next infrastructure and smart city projects. Rebranded as Transport + Traffic Infratech Expo and its concurrent expos, Parking Infratech Expo and Road Infratech Expo, this is the platform for your brand! Glance through the new show highlights

- Introduction of a new product category: **Public Transportation** which will open a new window for brands looking to be key suppliers in important government projects
- Position your brand on a trusted industry platform designed to **generate high-quality leads, strategic partnerships, and long-term business growth**
- Engage directly with **procurement-ready government authorities and private sector** decision-makers actively investing in upcoming infrastructure and mobility projects.
- Leverage **premium conferences and curated networking forums** to access industry leaders, gain global insights, and accelerate your business pipeline.

INTRODUCTION

Exhibitor profile

transport+traffic infratech expo

Seamless Traffic | Integrated Transport | Intelligent Parking

ITS/Telematics

- AI/ IoT
- Highway Traffic Management Systems (HTMS)
- Traffic Signaling Systems
- Traffic Information / Control Systems / Data Collection / Survey & Analysis
- Automatic Number Plate Recognition (ANPR) / Vehicle Classification & Counting
- VMS/Digital Signages/Video Walls
- Video Traffic Surveillance and Monitoring Equipment
- Radar Detectors
- Vehicle Tracking, Tracing and Monitoring Systems
- Mapping and Geographic Information Systems (GIS)

Tolling

- Toll collection system
- Vehicle Weighing Systems & Weigh-in-Motion
- Traffic Data Collection Systems
- Toll Automation / RFID / Sensors
- Automatic Vehicle Classification
- Signalling
- System Integrator

New Category

Public Transportation

- Access Control Systems
- E-ticketing / Smart Cards
- Integrated Communication Systems
- Passenger Information Systems (PIS)
- Programming and scheduling
- Variable Message Signboards (VMS)
- Video Walls
- LED Display Systems
- Public Addressing Systems
- Infotainment
- Warning Systems
- Security Surveillance & Emergency assistance
- Waiting time indicators
- Bus shelters
- Built in safety devices inside the buses
- Alarm systems

Traffic Safety

- ADAS
- Alcohol Breath Analyser
- Speed Detectors / Guns / Warning systems
- Traffic Signs
- Traffic / Navigation Lights
- Road Hazard Warning Lights
- Lane Indicators
- Tunnel safety solutions

Security & Surveillance

- City surveillance systems
- Traffic cameras & CCTV
- Video walls in control room
- Dash cams

road infratech expo

Road safety

- Road Signs
- Crash Barriers / Guardrails
- Noise Barriers
- Road Marking Equipment & Paints
- Traffic Reflective Signages
- Speed Bumps
- Road Blockers
- Bollards
- Cones
- Solar Road Studs

Infrastructure

- Roadside / Wayside / Highway Amenities
- Street Lighting
- Bus Shelters, Parking Shelters

parking infratech expo

Parking management

- Parking Zone / Structure Design
- Multi-Level Parking
- Parking Management / Guidance Systems
- Parking Enforcement Systems
- Parking Access Control / Sensors/ Systems
- Automated Payment / Ticketing Systems
- Safety / Security Technologies
- Automatic Number Plate Recognition (ANPR)
- Parking Apps
- Automatic Vehicle Identification
- Supporting Hardware

Private sector buyers

- Infrastructure and Construction Companies
- NHAI Concessionaires
- Smart City Consultants / Implementers
- Turnkey Project Consultants
- Engineering Consultants
- Traffic Consultants & Firms
- Road Contractors
- System Integrators
- OEM Suppliers
- Logistics Companies
- Fleet Operators
- Research & Training Institutes
- Financial Institutions
- NGOs
- Companies looking for joint ventures / partners
- Infrastructure Concessionaires
- Road Construction Contractors
- Bridge and Tunnel Contractors
- Urban Planners
- Road Designers
- Structural Engineers
- Civil Contractors
- Landscape Architects
- Bridge & Tunnel Design Consultants
- Architectural and Planning Institutes -
- Professors, Road Related Research
- Professional Associations and Trade Bodies
- Consultant / Engineers / Safety Auditing
- Companies
- Builders & Developers
- Parking Management Contractors
- Parking Consultants & Firms
- MEP Consultants
- Architects
- Malls Multiplexes
- Amusement Park
- Commercial Buildings
- Hotels Hospitals
- Logistics Companies

EXHIBITOR

We have been participating in the Traffic Infratech Expo for the past eight years and are extremely satisfied with the outcomes. The footfall and overall response have been excellent.

SCITA Solutions
Naveen A,
Project Manager

As consistent sponsors and partners, we see strong value in this collaborative platform. It enables us to connect not only with end customers but also with system integrators, partners, and new, highly relevant audiences.

Videonetics
Bhardwaj Naik,
Sr. Vice President &
Chief Revenue Officer

Traffic Infratech Expo attracts highly targeted visitors. While the volume may be selective, the quality of leads and business conversations has been outstanding, contributing significantly to our growth.

Essae Digitronics Pvt. Ltd.
Prakash Venkatesan,
CEO & Managing Director

The scale and quality of participation have grown significantly. The increasing focus on indigenous technologies and ecosystem development is highly encouraging.

Smt. Sunita Verma
R&D Division, Ministry Of
Electronics & Information
Technology (MeitY), Government
Of India

For over a decade, this expo has supported the adoption of advanced traffic management technologies across states. It continues to be a valuable learning and integration platform.

Shri. Sudhanshu Kumar
IPS, ADGP Traffic, Bihar

The AI-driven traffic and crowd management solutions showcased here are impressive and highly relevant for modern urban mobility challenges.

Shri. Rakesh Singh,
IPS, Traffic Superintendent
of Police, Ranchi
